

Total mobility with our new Genie® GRC™ -12 Runabout Contractor

The GRC™ -12 is ideal for use on worksites where contractors need the capability of a scissor lift with the compact size of a Runabout™. The GRC™ -12 offers contractors a 2-person occupancy workspace with a narrow profile to get more done in a small amount of space. The steel platform on the GRC™ -12 comes standard with a slide out extension deck. The GRC™ -12 can be driven when fully elevated for increased productivity. And, the zero inside turning radius allows for easy turning in congested work spaces.

Compact size

Zero inside turning radius

Slide out extension deck

Specifications

GRC™ -12			
Working height	5.66 m	Lift capacity	227 kg
Platform height	3.66 m	Lift capacity – extension deck	113 kg
Platform dimensions (length x width)		Turning radius	
Ext Platform dimensions – retracted	0.99 x 0.75 m	Inside	zero
Ext Platform dimensions – extended	1.40 x 0.75 m	Outside	1.35 m
Height – stowed	1.70 m	Drive speed – stowed	4.0 km/h
Length – stowed	1.37 m	Drive speed – raised	0.8 km/h
Width	0.80 m	Gradeability**	30%
Ground clearance – centre	0.06 m	Raise / lower speed	12 / 16 sec
Controls	24 V DC proportional	Tyres – solid non-marking	25 x 8 x 20 cm

**Gradeability applies to driving on slopes. See operator's manual for details regarding slope rating.

Why choose Genie?

Engineered specifically to withstand the rigors of working on indoor construction worksites, the telescoping mast on the GRC™-12 is protected by a steel tube and end cap. Also as a safeguard against worksite damage, the covers on the GRC™-12 are made from ABS, a thermoplastic material that provides increased flexibility while retaining its original shape.

Applications include...

- Indoor construction sites
- Installing and repairing plasterboard
- Electrical and HVAC in low-floor load situations
- High-rise construction projects

The GRC™-12 is available through your local Sales Manager – call now!
